VETERINARY PRACTICE

ORTHOPAEDICS

ARTHROPATHIES

CCL rupture repair

- Cranial Closing Wedge Osteotomy (CCWO)
- Tibial Tuberosity Advancement (TTA)
- Tibial Plateau Leveling Osteotomy (TPLO)
- Extracapsular Lateral Suture Stabilization
- Vetlig implant

ARTHRODESIS

- Pancarpal
- Shoulder
- Pantarsal
- Stifle

ARTHROCENTESIS AND INTRARTICULAR TREATMENT OF OSTEOARTHIRITS

- Hyaluronic acid
- Cross-linked polyacrylamide hydrogel
- Platelet Rich Plasma
- Stem Cells

OSTEOCHONDRITIS DISSECANS (OCD)

- bone debridement
- arthrodesis

TENDINOPATHIES

ACHILLES TENDON REPAIR

- NOVALIG® Synthetic Ligament

FRACTURE FIXATION

SIMPLE AND COMPLEX FRACTURES

- front and hind limbs using plate-and-screw fixation methods, IM pins and external fixation techniques
- pelvis
- mandible fractures using Ramus Anatomic Plate (RAP implants)

ELBOW FRACTURES

- Humeral Intracondylar Fissure (HIF) - HIRS, HISS, LEAP and Map systems
- Humeral Condylar Fracture (HCF) - LEAP and MAP systems

TIBIAL TUBEROSITY AVULSION

- Pin and wire technique

LUXATIONS

PATELLA LUXATION

- TTT (Tibial Tuberosity Transposition)
- Trochleoplasty
- Lateral imbrication
- Ridge Stop Technique
- Distal Femoral Osteotomy Surgery (DFO)

HIP LUXATION

- Femoral Head Osteotomy (FHO)
- Toggle-Pin / Toggle-Rod Fixation

SOFT TISSUE SURGERY

BOAS

- Sacculectomy
- Rhinoplasty
- Palatoplasty
- Facial folds correction

OPTHALMOLOGY

- Diamond burr/keratotomy
- Conjunctival pedicle grafting
- Corneal grafting
- Nictitans gland prolapse
- Canthoplasty

ADVANCED PROCEDURES

- Mass removal from problematic locations including deep layers of the neck, face, nose, areas with limited skin excess etc.
- Complex wound reconstruction
- Anal sacculectomy
- Sialadenectomy
- Partial Ear Canal Ablation
- Total Ear Canal Ablation

If you'd like to refer your patient to us please send your patient's medical history and any relevant diagnostic reports to info@medicorvet.com and kindly fill out our referral form.

We are looking forward to working together!
